NEWS RELEASE

Ten Rules Changes Approved in High School Field Hockey

FOR IMMEDIATE RELEASE

Contact: Elliot Hopkins

INDIANAPOLIS, IN (September 16, 2015) — With appropriate open space and no players approaching, high school field hockey players will be permitted to raise their sticks above the shoulders to stop, receive and deflect or play the ball.

This revision of Rule 3-2-11 was one of 10 rules changes recommended by the National Federation of State High School Associations (NFHS) Field Hockey Rules Committee at its January 14-16 meeting in Indianapolis. The rules changes were subsequently approved by the NFHS Board of Directors.

The new skill allowance seeks to improve the flow of the game and maintains players are capable of determining when it is acceptable to utilize this skill. However, sticks raised high in the front or back when players are approaching or within playing distance is deemed dangerous and/or intimidating, and will still be disallowed.

“It’s part of the evolution of the game,” said Elliot Hopkins, director of sports, sanctioning and student services and liaison to the Field Hockey Rules Committee. “Coaches are teaching their players
to have more spatial awareness. If players can play the ball in a wide open space, why shouldn’t they be allowed to do this? If a pass is high, and they’re all alone, they should be able to just reach up and knock it down.”

Rules 1-5-6, 1-6-11 and 1-7-7 were also updated to alter the penalty system following the removal of a player for an illegal uniform or illegal/insufficient equipment. Coaches will now be assessed misconduct penalties as opposed to the player, and the player will be substituted out under normal substitution patterns. Before, the offending player’s team was also required to relinquish possession to its opponent.

“The committee thinks this is the responsibility of the coaches,” Hopkins said. “They’re the ones verifying to the umpire that their team is compliant, so let’s not penalize the kids or change the possession. A change of possession, in a low-scoring game, changes the entire dynamic of the game.”

Rule 1-6-5, which already required all field players to wear eye protection that meets the current ASTM standard for field hockey, will now include a note stating that, effective January 1, 2019, all eye protection shall be permanently labeled with the current ASTM 2713 standard for field hockey.

Rule 2-2-4 was altered to require a visible clock to be the official clock if available. If no visible clock is available, time will be kept at the officials’ table. Either way, the umpire’s whistle will signal the official end of each half. This was done to ensure that teams, officials and fans all have access to the same information.

Rules 5-2-1#5Exception and 10-3-2g were both changed in regard to protocol surrounding an injury on a penalty corner at the end of a prolonged first or second half. If play is stopped for injury or otherwise during said penalty corner – and a bully would be otherwise awarded – the penalty must be taken again. The rule was added to prevent teams from using a fake injury to end the penalty corner at the end of time.

A complete listing of all rules changes is available on the NFHS website at www.nfhs.org. Click on “Activities & Sports” at the top of the home page, and select “Field Hockey.”

According to the 2013-14 NFHS High School Athletics Participation Survey, field hockey is played by 61,471 girls in 1,795 programs nationwide.
III. RULE CLARIFICATIONS/MODIFICATIONS that NYSPHSAA Field Hockey Committee has made over the years:

A. IMPORTANT INFORMATION

1. Section XI Maximum number of contests (check your schedules)
   a. Varsity - 16
   b. Junior Varsity - 16
   c. Modified – 10

2. NYSPHSAA Team / Individual Practices prior to first
   a. Scrimmage – 8 / 6
   b. Contest – 10 / 8

3. FIVE (5) Goal Differential Rule: When a team is beating another team by 5 or more goals, THE CLOCK WILL RUN AFTER GOALS.

4. Face Masks:
   a. Can field players utilize field hockey face masks in conjunction with protective eyewear for penalty corners? Yes, NYSPHSAA requires all field players to wear protective eyewear. note the following:
      a. The current style of face masks available do not meet any type of domestic or international standard testing protocols
      b. Protective eyewear manufacturers do not have their products tested with face masks included
      c. Protective eyewear manufactures assert that players who combine the two products assume all the responsibility for wearing them.

5. Uniforms:
   a. Game Shirts: All teams should have home and away shirts
   c. Undershirts: If worn, “they must be White in color if they are the Home team and Dark in color for the Away team. Only the HOME team can wear white.”

   a. Approved wire and lens goggles are permitted
      a. NOTE: players involved in USFHA events must meet USFHA standards...... wire goggles are not permitted at USFHA events.
7. **GOGGLES AND WEARING MASKS:** A player wearing a corner mask or any face mask, MUST WEAR GOGGLES as per NYSPHSAA field hockey. The mask is allowed.

V. Overtime Procedure - *Used in Varsity games only during the regular season* – *see attached*

a. As of Aug 2013, Section XI will use a maximum of **ONE (1) 7V7 Sudden Victory 10 minute** as per NYS Guidelines, prior to playoffs

i. If a tie still exists after the 10 minute overtime a Shoot-Out will take place (*see overtime procedures - next page*)

b. It is the responsibility of all Coaches to understand the Overtime Procedure

c. **Overtime for all POST SEASON games** will follow the entire NYSPHSAA Overtime Procedure (next pages)
Field Hockey Overtime Procedures
2015-2016

I. At the end of the regulation game, there will be a coaching intermission that will last up to 5 minutes. The Officials will:
   • Meet with Captains and Coach.
   • Toss of coin: the Visiting team calls the toss. The winner of the toss gets choice of possession OR end of field.
   • The tableside official remains the head official for all segments of the overtime procedures.

II. Ten minute OT 7 V 7 sudden victory OT period:
   • Rolling substitutions are permitted.
   • Each team is permitted one time out during the 10-minute overtime period
   • Defensive corners during 7 v 7:
   • Defense will be reduced to 4 players (3 plus goalie) behind end line
   • The remaining defensive player goes behind the 50 yd line with the rest of the team.
   • The attack remains the same.

III. If a tie still exists after the first 10 minute overtime, the teams will play a second 10 minute 7 V 7 Sudden Victory overtime period.
   • A coaching intermission, lasting 5 minutes, will be allowed prior to the start of the second OT period.
   • Teams will change ends of the field, the team not having possession at the start of the first OT shall have possession to start the second OT.
   • Time-outs may not be carried over from the previous period, each team is allowed one time out.
   • Rolling substitution are permitted.
   • Defensive corners same as above.
   • The attack remains the same.

IV. If the score remains tied at the end of the second 10 minute overtime period; a Shoot-out will take place.

A set of 5 alternating shoot outs take place in each series. A full set of 5 is played.

   • Players from each team take a 1v1 shoot-out, alternately against the goalkeeper of the other team.
   • Five (5) players per team will take the shoot-out in the sequence nominated and communicated by the team to the umpires on duty before the start of the shoot-out competition. The order of shoot-out must be indicated to the umpires at the coin toss.
   • The umpires, in conjunction with the tournament committee will choose the goal to be used.
   • Toss of coin: The Visiting team calls the toss. The team which wins the toss has the choice to take or defend the first shoot-out.
1. The team scoring or awarded the most goals is the winner and the competition ceases once an outright winner is determined. Winner is declared: when there is a clear winner and play is not necessary to finish the group of 5. ex: during the 1st group of five 1v1 scenarios, the score is 4-1, there is no need to play out the last two players.

PLAYERS AND COACHES—

- When not involved in play, the Goalkeeper may stand on the end line on the side of the goal closest to her team OR may stand behind the 25 yd line with the 5 players involved in the shootout.
- Team members, and coaches not involved in the shootout, may stand on the field, behind the 30 yd. line, 5-10 yards from the sideline. One team on each side of the field.
- PLAYERS should be ready for the next shootout, but not raced into the set up.
- If the goalie is a shooter, she is considered a field player.

- A player who has been excluded permanently (red card) from the field of play during that same match, cannot take part in any shoot-out competition.
- A team with a player who was carded during the shootout, must play short in the shootout period.

V. Shootout:

OFFICIALS:

- Lead and Trail officials will call the shootout.
- Lead official during regulation time will continue to be lead regardless of which goal is chosen.
- Table official will keep time.
- If Sectional games have a Certified Table official, the Table official will keep the time. If a Certified Official is not assigned to the table during Sectional games, the timer will turn her/his back to the field and start the 10 seconds with the official’s whistle. The official time will be kept on the field.
- Officials should not feel they have to move the 1v1 along. Officials should scan both benches, allowing players and coaches a reasonable amount of time to set up for each shootout.

PROCEDURE:

- The goalkeeper starts on or behind the goal line between the posts.
- The ball is placed on the nearest 25 yd line opposite the center of the goal.
- The attacker stands outside the 25 yd line near the ball.
- The umpire blows the whistle to signal the start of the shootout; the attacker and the goalkeeper may then move in any direction.
- The shoot-out is completed under the following conditions:
  - 10 seconds has elapsed.
  - The attacker scores a goal.
  - The attacker commits a foul.
  - The goalkeeper commits an unintentional foul in which case the shoot-out is re-taken.
  - The goalkeeper commits an intentional foul, in which case a penalty stroke is awarded.
  - The ball goes out of play over the back-line or side-line; this includes the goalkeeper intentionally playing the ball over the back-line (not a foul). The ball simply going outside the circle a second
time does not constitute the end of a shoot-out.

Replacement situations

- If a penalty stroke is awarded as specified above, it is taken by the two players involved in the shoot-out concerned, unless either of them is incapacitated or suspended. This penalty stroke will take place before the next available shoot-out takes place.
- If the replacement goalkeeper is a field player, that player is allowed reasonable time to put on protective equipment.
- If during a shoot-out competition, a defending goalkeeper is incapacitated, that goalkeeper may be replaced by another goalkeeper.
- If during the shoot-out competition, an attacker is incapacitated, that attacker may be replaced by another player from the team unless suspended by the umpire prior to or during the shoot-out competition.

VI. If a tie still exists after the first series of 5 shoot-out, a second series of 5 shoot-outs will take place.

- Coaches may change the order and/or players before the start of the second shootout.
- A coaching intermission lasting 2 minutes, will be allowed prior to the start of the second shoot-out period.
- The coach must inform the umpires as to the order in which the nominated players take the shoot-out.
- The team who had taken the first shoot-out of the first series must defend the second series.

**If a tie still exists after a second series of 5 shootouts, Sudden Victory of 5 additional shoot-outs are taken. (Follow the same process criteria as above.)

VII. Misconduct:

1. Each team will begin the first 7v7 overtime with seven players, one of which must be a Goalkeeper, (unless players were disqualified or have not completed a suspension during any previous playing period. Teams will play short during this time.)

2. Any player who has been disqualified (Red Carded) during regulation play is not eligible for the overtime period and the team will plays short for the entire overtime.

3. A player suspended (Green/Yellow Carded) during regulation play, would be eligible at the completion of the suspension timeframe of the 7v7 periods. The team plays short until the suspension is completed.

4. At the beginning of the first round of 1v1 shootout, a suspended player with time that is carried over into the 1v1 shootout round will be unable to participate in any future shootout rounds. Teams will start the 1v1 shootout with 5 players.

5. If an Attack player is Green / Yellow carded during the shootout, that player may be replaced with an eligible shooter to participate in any future shoot outs. However the player carded will be unable to participate in any future shootout rounds. Any further player who is carded during the shootout will follow the same procedure.
6. If an Attack player is Red carded **during** the shootout, their team will only have 4 shooters participate in any future shootouts. The player carded will be unable to participate in any future shootout rounds. Any future shoot-out the player was entitled to take counts as no goal. The spot of the no goal in future shootouts will be determined by the carded player’s coach.

7. If a goalie is carded **during** the shootout, she is replaced and is unable to participate in any future rounds. The replacement goalkeeper is allowed reasonable time to put on protective equipment. If the goalie is Red carded, she will be replaced and is unable to participate in any future rounds. An Attack player will be removed from the shootout series and her spot in future shootouts will count as a no goal. The spot of the no goal in future shootouts will be determined by the carded player’s coach.

8. It is expected that the players and coaches will not enter the field of play until the official has signaled the end of the game or overtime. Failure to comply will be treated as misconduct.

Revised: January, 2014
October, 2014 (final)
January, 2015

**VI. Protest Procedure for Section XI** –see Section XI Handbook (on Section XI website) for general concepts **(not to be used for State Tournament)**

   d. The intent to protest and specific reason(s) for such must be filed with the officials (if any) and the opposing coach as follows:

      i. Immediately (if necessary, a substitute is to be sent to notify the official that the coach is protesting the game). If the game ends before the protest can be lodged, the protest must be made before the teams leave the field.

   e. Letter - The Executive Director must receive a protest letter from the high school principal co-signed by the athletic director describing the basis for the protest. Such letter must be received within five days of the contest protested and be accompanied by a certified or school district check payable to Section XI in the amount of two hundred dollars, refundable only if protest is upheld.

**VII. Suspended Game:** If a game, during the regular season is suspended during the first half, the game shall resume from the point of interruption. If the game is interrupted after the completion of the first half, the game is completed. **For Playoffs,** all games will be played in two full halves.
VIII. Schedules: are posted on the SECTION XI website

A. Changing game dates: At this point games may not be changed with the exception of inclement weather.

IX. Game Results

A. The winning teams coach must call NEWSDAY @ 631-843-2820 by 9:00 p.m

HEAT INDEX PROCEDURES

Administration of Heat Index Procedures:

- Heat index will be checked 1 hour before the contest/practice by a certified athletic trainer, athletic director, or school designee when the air temperature is 80 degrees (Fahrenheit) or higher.
- The athletic trainer, athletic director, or school designee will use the accuweather.com website to determine the heat index for the area of the contest/practice. The accuweather.com website can be reached through the NYSPHSAA website. Once a person is on the accuweather.com website, they will put in the zip code for the location of the contest/practice and the website will give them the air temperature as well as the RealFeel temperature (heat index).
- If the RealFeel temperature (heat index) is 90 degrees or above, the athletic trainer, athletic director, or school designee must re-check the RealFeel (heat index) at halftime or midway point of the contest. If the RealFeel (heat index) temperature is 96 degrees (Fahrenheit) or more, the contest will be suspended.

Please refer to the following chart to take the appropriate actions:

Concussions: The Invisible Injury
Student and Parent Information Sheet

CONCUSSION DEFINITION
A concussion is a reaction by the brain to a jolt or force that can be transmitted to the head by an impact or blow occurring anywhere on the body. Essentially a concussion results from the brain moving back and forth or twisting rapidly inside the skull.

FACTS ABOUT CONCUSSIONS ACCORDING TO THE CENTER FOR DISEASE CONTROL (CDC)
- An estimated 4 million people under age 19 sustain a head injury annually. Of these approximately 52,000 die and 275,000 are hospitalized.
- An estimated 300,000 sports and recreation related concussions occur each year.
- Students who have had at least one concussion are at increased risk for another concussion.

In New York State in 2009, approximately 50,500 children under the age of 19 visited the emergency room for a traumatic brain injury and of those approximately 3,000 were hospitalized.

REQUIREMENTS OF SCHOOL DISTRICTS

**Education:**
- Each school coach, physical education teacher, nurse, and athletic trainer will have to complete an approved course on concussion management on a biennial basis, starting with the 2012-2013 school year.
- School nurses and certified athletic trainers must complete the CDC course.
  ([www.cdc.gov/concussion/HeadsUp/online_training.html](http://www.cdc.gov/concussion/HeadsUp/online_training.html))
- School coaches and physical education teachers must complete the concussion course. ([http://preventingconcussions.org](http://preventingconcussions.org))

**Information:**
- Provide concussion management information and sign off with any parental permission form.
- The concussion management and awareness information or the State Education Department’s web site must be made available on the school web site, if one exists.

**Removal from athletics:**
- Require the immediate removal from athletic activities of any pupil that has or is believed to have sustained a mild traumatic brain injury.
- No pupils will be allowed to resume athletic activity until they have been symptom free for 24 hours and have been evaluated by and received written and signed authorization from a licensed physician. For interscholastic athletics, clearance must come from the school medical director.
- Such authorization must be kept in the pupil’s permanent health record.
- Schools shall follow directives issued by the pupil’s treating physician.

SYMPTOMS
Symptoms of a concussion are the result of a temporary change in the brain’s function. In most cases, the symptoms of a concussion generally resolve over a short period of time; however, in some cases, symptoms will last for weeks or longer. Children and adolescents are more susceptible to concussions and take longer than adults to recover.

It is imperative that any student who is suspected of having a concussion is removed from athletic activity (e.g. recess, PE class, sports) and remains out of such activities until evaluated and cleared to return to activity by a physician.

Symptoms include, but are not limited to:
- Decreased or absent memory of events prior to or immediately after the injury, or difficulty retaining new information
- Confusion or appears dazed
- Headache or head pressure
- Loss of consciousness
- Balance difficulties, dizziness, or clumsy movements
- Double or blurry vision
- Sensitivity to light and/or sound
- Nausea, vomiting and/or loss of appetite
- Irritability, sadness or other changes in personality
- Feeling sluggish, foggy or light-headed
- Concentration or focusing problems
- Dizziness
- Fatigue and/or sleep issues – sleeping more or less than usual

Students who develop any of the following signs, or if signs and symptoms worsen, should be seen and evaluated immediately at the nearest hospital emergency room.
- Headaches that worsen
- Seizures
- Looks drowsy and/or cannot be awakened
- Repeated vomiting
- Slurred speech
- Unable to recognize people or places
- Weakness or numbness in arms or legs, facial drooping
- Unsteady gait
- Change in pupil size in one eye
- Significant irritability
- Any loss of consciousness
- Suspicion for skull fracture: blood draining from ear or clear fluid from the nose
SPORTSMANSHIP

The Association recognizes and appreciates that the influence and responsibility of the school administration with regard to good sportsmanship extends to all levels of competition. However, it must also be seen that the NYSPHSAA has been vested with the responsibility to ensure that all contests under its jurisdiction are conducted satisfactorily. This standard applies to all regular season and post schedule play.

a. Coach:
1. Any coach excluded by a certified official from an interschool competition for unsportsmanlike conduct, including taunting, is ineligible to coach any interschool competition in that sport until after the next previously scheduled contest at the same level (e.g., junior varsity, varsity, etc.) has been completed. In individual sports a multi-day contest is considered to be a contest. Disqualification from one season carries over to the next season of participation. The coach may not be present at the game site nor communicate in any manner during the contest with any person present at the site.

NOTE: “Not being physically present at the site” means the disqualified coach is not to be present in the locker room, on the sidelines, in the stands or site area before, during or after the game/meet. (see Taunting, p. 90, Next Previously Scheduled Contest, p. 89) Any coach that does not serve the penalty for violating the Sportsmanship Standard will be ineligible to participate in the next two regularly scheduled contests. If the coach continues to serve the penalty, the matter will be referred to the Section for further action. If the coach is involved in the NYSPHSAA play-offs, the matter will be referred to the Executive Director of the NYSPHSAA.

Any coach:
1. Who receives a disqualification penalty in a sport shall not participate in the next regularly scheduled contest;
2. Who receives a second disqualification penalty in the same sport in the same season shall not participate in the next two regularly scheduled contests; and
3. Who receives a third disqualification penalty in the same sport in the same season will not be allowed to participate for the rest of the season. If the disqualification penalty takes place in the last contest of the season (regular season or post schedule play), the Section Athletic Council will assess the penalty carrying over into the next season of participation.

2. A coach who strikes, shoves, kicks or makes other physical contact with an official shall be expelled immediately and banned from further participation or coaching in all sports for a period of time to be determined by the section not to exceed one year from the date of the offense.

b. Player:
1. Any member of a squad disqualified by a sport official for unsportsmanlike conduct, including taunting, or for a flagrant foul shall not participate in that sport in the next previously scheduled contest with a member school or in NYSPHSAA tournament play. In individual sports a multi-day contest is considered to be a contest. The contest in which the athlete was disqualified must count in the total maximum number of contests permitted. Disqualifications from one season carry over to the next season of participation. (see Taunting, p. 90, Next Previously Scheduled Contest, p. 89)

Any player:
1. Who receives a disqualification penalty in a sport shall not participate in the next regularly scheduled contest;
2. Who receives a second disqualification penalty in the same sport in the same season shall not participate in the next two regularly scheduled contests; and
3. Who receives a third disqualification penalty in the same sport in the same season will not be allowed to participate for the rest of the season. If the third ejection takes place in the last contest of the season (regular season or post schedule play), the Section Athletic Council will assess the penalty carrying over into the next season of participation.

2. Any member of the squad who strikes, shoves, kicks or makes other physical contact with an official shall be expelled from the game immediately and banned from further participation in all sports for a period of time to be determined by the section not to exceed one year from the date of the offense. NOTE: Member of the squad includes player, manager, score keepers, timers, and statisticians.

c. Official:
1. Unprofessional conduct on the part of the official such as, but not limited to, taunting, baiting, use of profanity, shall be reported by a school administrator from the aggrieved school to the section executive director. A request will be made to the appropriate sport officials chapter to investigate the incidence and to report their action to the section in a timely manner.

July 2010
XV. **NYSPHSAA THUNDER AND LIGHTNING POLICY** - approved 3/14/06

a. The following policy will be in effect during Section championships and state qualifiers under the direction of the Executive Director, Sports Chair or designee:

i. Thunder and lightning necessitates that contests be suspended. The occurrence of thunder and/or lightning is not subject to interpretation - thunder is thunder, lightning is lightning. *****With your site administrator, set up a plan for shelter prior to the start of any contest.

ii. When thunder is heard and/or when lightning is seen, the following procedures should be adhered to:

1. Suspend play and direct participants to go to shelter, a building normally occupied by the public or if a building is unavailable, participants should go inside a vehicle with a solid metal top (e.g. bus, van, car).

2. Do not permit people to stand under or near a tree; and have all stay away from poles, antennas, towers and underground watering systems.

3. After thunder and/or lightning have left the area, wait **30 minutes** after the last boom is heard or strike is seen before resuming play or competition. (Revised 10/20/08 NYSPHSAA Executive Committee Meeting)
